

ing their term of office, be connected with, or interested in the manufacture of steam boilers, engines or machinery applicable thereto, and that they will not during their term of office, accept any money, gift, gratuity or consideration from any person, and shall give bond, to be approved by the comptroller of the State, in the sum of five thousand dollars each, for the faithful discharge of their duties.

1872, ch 153.

510. The city of Baltimore is divided into two districts, which shall be known as the first and second steam boiler inspection districts; the first district shall embrace what is now known as the eastern, northeastern and southern police districts; the second shall embrace what is now known as the central, western, north-western and southwestern police districts of said city; and the governor in appointing the inspectors shall assign each to his respective district.

Ibid.

511. The inspectors, before entering on the discharge of their duties, shall provide themselves with an office in a central part of said city, also with the necessary apparatus and appliances for the testing of steam boilers; and they shall give notice for three successive days, through the two daily papers having the largest circulation in said city, of the time and manner in which they shall receive the reports of the locations of steam boilers.

Ibid.

512. Every owner or renter using a steam boiler in said city, shall, within ten days after the publication of the aforesaid notice, report to the inspector of the district the location of such boiler, under a penalty of fifty dollars for each day a boiler is used and neglected to be reported.

Ibid.

513. The inspector of each district shall give six days' notice in writing to each owner or renter of a steam boiler, or the engineer or person in charge, of the time when he will inspect such boiler; and such owner or renter shall have such boiler
